

Microsoft Teams

Meet the hub for teamwork in Office 365

It takes a village to turn ideas into realities

When you have a place to create and make decisions as a team, there's no limit to what you can achieve. Teams brings everything together in a shared workspace where you can chat, meet, share files, and work with business apps.

Communicate more effectively

Get your team on the same page with group chat, online meetings, calling, and web conferencing.

Work better together

Collaborate on files with built-in Office 365 apps like Word, Excel, PowerPoint, and SharePoint.

Customize your workspace

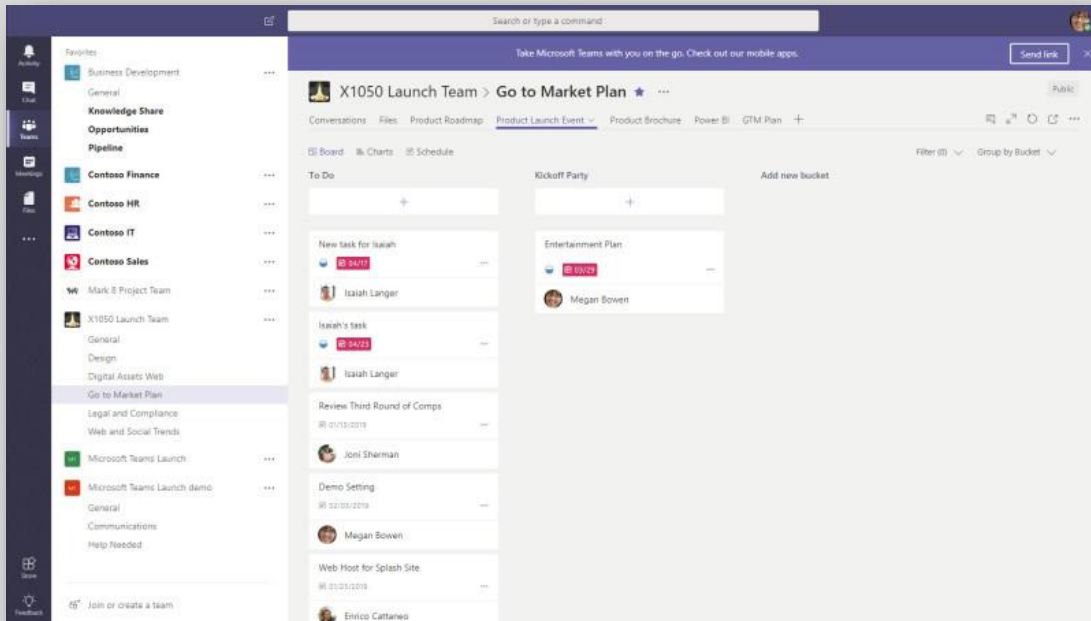

Add in your favourite Microsoft apps and third-party services to keep the business moving forward.

Keep your team secure

Get end-to-end security, administrative control, and compliance- all powered by Office 365.

Get the option that's right for your business

Teams is designed for groups of all kinds and is included free as part of the best-in class suite of productivity tools with Office 365 Business Premium or Office 365 Enterprise E3 and above.

“

We are seeing rapid adoption of Teams with more than 420,000 organizations of all sizes and 89 of the Fortune 100 using Teams - including customers like Pfizer which chose Teams as the collaboration platform for their 115,00 employees. And we are expanding into new and underpenetrated markets.
